Europe, Eire, Channel Isles	£ 20.00
USA, Canada	£ 30.00

Orders are handled in 5 working days.

Each canvas is supplied finished and ready to hang, complete with hanging hooks. Prices are exclusive of VAT.

Frames

Our frames are made from top quality wood at either 25mm [1"] or 50mm [2"] thickness.

These will give your canvases the dramatic effect that they deserve.

Wrapped Edges

Give your image a real opportunity to show off by having the print wrapped around the sides of the frame as well as the front.

This creates a finished piece of art that would look great in any work place or home. Crop your artwork accordingly to suit a 25mm [1"] frame.

Plain Edges

Maybe your image is too bold or too beautiful to be wrapped round the sides. In this case the print will be on the front of the canvas only with the sides remaining plain. This option is best suited when your image or photo has key detail on its edges.

Bespoke Frames

We can also make frames to your specific sizing requirements. Simply fill in the enquiry form or call us on 0845 130 7700.
